# GENERAL TELEPHONE INFORMATION

Your telephone account is handled by a Representative in our Business Office. It is her responsibility to assist you in all matters relating to your service. You will find her desirous of being helpful and fully qualified to handle requests for new or additional service, changes of address, terminations of service, directory listings, extension telephones, private branch exchange service, collections, adjustments, and to discuss other business transactions. To reach your Representative call 40. If you prefer to transact business in person, we will help you at the Business Office, 510-5th Street. Office hours are from 8 a. m. to 5 p. m. Monday through Friday. At all times when the Business Office is closed calls will be answered by a representative who will handle business requiring immediate attention and arrange for the handling of other business on the following business day.

It is our constant aim to provide you with a courteous, efficient and pleasing service at all times, and it will assist us in fulfilling this purpose if you would let us know of any experience you might have where you feel we have failed in our efforts to carry out this objective. M. L. Shelton, Manager.

## **Regulations and Rates**

Rates applicable to the furnishing of the various services by the telephone company are contained in tariffs on file in the Business Office. Our Representative will be glad to assist you in obtaining information from them.

## **Bills For Service**

Bills are issued monthly and cover local service charges for one month in advance from the date of the bill and long distance charges for one month preceding date of bill. They are due upon presentation. Information regarding bills may be obtained by calling the Business Office.

## **Payment of Bills**

Bills may be paid by mail or in person at the Business Office, or at the following authorized payment agencies:

**Carr Hardware, 306 Main.**

**Coe Flower Shop, 2542 Lincoln Way.**

**Union Story Trust and Savings Bank, Gilbert, Iowa.**

## **Suspension of Service**

When you are to be away from your residence for an extended period, you may arrange to have your telephone service temporarily suspended at a reduced rate. If you wish, the operator will inform those calling where you can be reached. You may retain your telephone number and there is no charge for resumption of service upon your return.

## **Telephone Recording Service**

A short high "beep" tone heard at 15 second intervals indicates your conversation is being recorded. The signal is provided by the telephone company for your protection. If you do not want your conversation recorded ask the person with whom you are talking to disconnect the recording machine. Use of a recorder without a signal is unlawful.

## **Telephone Attachments**

In the interest of good service, please do not attach auxiliary apparatus or advertis-

ing devices to telephone instruments or other equipment. Attachments generally interfere with telephone service and the Telephone Company reserves the right to remove apparatus or devices which it does not furnish.

## **Telephone Directories**

The directory is an important aid in providing good and prompt telephone service.

Every reasonable precaution is taken to avoid errors and omissions in a telephone directory, but the Company does not guarantee listings therein, and shall not be liable for damages arising out of errors in or omissions from its directories, except as provided for in the regulations and tariffs filed in the Business Office. Directories are the property of the Telephone Company and are to be returned to the Telephone Company upon request. No binder, holder or auxiliary cover, except such as may be provided by, or with the consent of the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company.

Directories of other cities may be obtained at nominal cost. The Business Office will be glad to order any you may desire.

## **Telegrams By Telephone**

You may telephone telegrams, cablegrams and radiograms to the Western Union Telegraph Company and have the charges placed on your telephone bill.

You may also telephone your telegrams from public coin box telephones and pay for the message as you wou'd for a telephone call.

## **Our Policy**

The policy of this organization as a part of the Bell System is to provide at all times the best possible telephone service at the lowest rates consistent with reasonable earnings and fair treatment of employees.

# SOME EXTRA TELEPHONE SERVICES AVAILABLE TO YOU

## Extension Telephones

Extension telephones save you many steps and keep you from missing calls. A bedside extension is a protection as well as a convenience. A kitchen extension enables the lady-of-the-house to watch dinner while phoning.

## Extension Bells

Inside or outside, extension bells help you get calls when out of earshot of your telephone . . . in the yard, for instance. A cut-off key may be used to silence the ringing when not needed. Loud-ringing gongs are available where required.

## Residence Additional Listings

You can list other members of your household in the telephone directory. Extra listings make it easier for friends to locate members of your family and add to a really complete service in your home.

## Special Telephone Cords

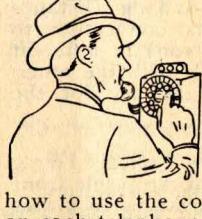

Retractile cords are available for your business or residence telephones for a small installation charge. The retractile cords springs back to a fraction of its length when not in use. It is especially neat for desk or small table locations, allowing freedom of motion yet requiring a minimum of space.

## "Hard-of-Hearing" Sets

The tiny inconspicuous button on this instrument opens up a world of telephone pleasure for those whose hearing is impaired. A turn of the button steps up the volume without distortion. This feature can be used as needed, leaving the telephone at normal volume for others in the home. For full information ask the Business Representative.

## Your Phone Away From Home

Make the conveniently located public telephone your phone when away from home or office. Instructions on how to use the coin telephone are mounted on each telephone.

If you receive a wrong number, or coins are collected in error, please notify the operator promptly so that proper adjustment may be arranged.

## Telephone Motion Pictures

Entertaining and informative 16-m.m. sound motion pictures on telephone subjects are available free of charge, for any type of audience: such as, Schools, Church, Business, Fraternal, Parent-Teacher, Trade, Professional, Rural, Women's Clubs and Civic-Service Clubs. For full information ask the Business Office Representative for a descriptive catalogue of films.

Entertaining  
**Telephone Movies**  
Informative

## Plug-In Extensions

You can carry your telephone service from one room to the other when you have plug-and-jack equipment. One portable telephone serves several locations. It is plug-ended and connects into a special type jack that is permanently installed at locations of your choice. Charges for this service vary with the type and number of installations.

## Cut-Off Keys

A cut-off key makes it possible to have your bedside extension telephone available, yet completely silent when you need quiet for a nap, an undisturbed night or a sick-room. A neat button in the base of the telephone turns the bell on or off. Separately mounted cut-off keys are also available. The charge varies with the type of installation.

## Help In Planning Telephone Outlets

If you are planning to build, remember to provide for telephone outlets. They keep telephone wires off your walls or woodwork and can be provided easily and inexpensively if planned in advance and are installed during construction of the building. For free booklets or additional information about telephone outlets call the Business Office.

## Personal Telephone Directory

A Free Booklet to keep a personal list of the out-of-town numbers and other numbers you call frequently is yours for the asking. We'll be glad to give you a copy and tell you how you can obtain telephone numbers of out-of-town telephones. Just ask the Business Office.

# LONG DISTANCE SERVICE

*Fast—Personal—Low in Cost*

**Call Station-to-Station** when you are willing to talk to anyone who answers. Station-to-station calls cost less than person-to-person calls.

**Call Person-to-Person**—if you wish the operator to reach a particular person by name or title, or a department or private switchboard extension number.

**Reduced Night and Sunday Rates**—Every night from 6 P.M. to 4:30 A.M. and all day Sunday, there are reduced rates for both station-to-station and person-to-person calls. These rates are low than corresponding week-day rates on calls for distances of about 60 miles or more.

**You will receive faster service** if you place your calls in the following manner:

**FIRST**—Give the operator the name of the town and state you are calling. Then the telephone number. EXAMPLE: "Detroit, Michigan—Woodward 5-3456." If it's a person-to-person call also give her the name of the party you want.

**SECOND**—If you don't know the telephone number, give the name and address and tell the operator whether it's a station-to-station or person-to-person call.

Hold the line unless the operator says there will be a delay and give your telephone number when she asks for it. Most long distance calls go through while you wait. When you **CALL BY NUMBER** the majority of calls are connected in a matter of seconds.

Your representative in the Business Office will be glad to furnish a "**Personal Telephone Directory**" for recording out-of-town numbers frequently called.

**Collect Calls**—If you wish the charges billed to the telephone you are calling, please notify the operator when you place the call. This may be done on both person-to-person and station-to-station calls without extra cost, except on station-to-station calls within Iowa of 20 cents or less for the initial period, and interstate calls of 25 cents or less for the initial period. These take a higher rate when placed collect.

**Appointment Calls**—The long distance operator will arrange for you to talk to a distant party at a specified time, if you so desire. Person-to-Person rates apply to this service.

**Overseas Calls**—Information on telephone service to overseas points and the rates applicable may be obtained from the

long distance operator. Some typical week-day rates for a three minute call are: To Argentina, Australia, Denmark, the United Kingdom and the U.S.S.R., \$12.00; Hawaii and Panama, \$9.00; to Bahamas, Puerto Rico and Bermuda, \$7.50. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

**Conference Service**—Long Distance conference service permits connection to your telephone line of persons in different cities so that each can talk with the other. Just call Long Distance and ask for the Conference Operator.

**Long Distance Rates**—Typical long distance rates are shown on the inside front cover. To determine the charges to places not shown on this list, please call the long distance operator.

# HOW TO GET THE MOST SERVICE FROM YOUR TELEPHONE

Whenever you pick up the telephone, you are about to make an impression on someone important—the person at the other end of the line. He can't see your facial expressions or your gestures. He must depend on what you say and how you say it—your tone, your inflection, your way of expressing yourself.

Here, for your consideration, are some suggestions on using the telephone that are helping many persons and their companies to make friends.

## Before You Call Make Sure of the Number

A wrong number inconveniences you and the person called. Consulting this directory or a personal calling list when not sure of the number saves time and dispositions.

## Apologize For Wrong Numbers

If a wrong number is reached, an apology helps the person called in error to feel better about it. Hanging up without acknowledging his answer can be irritating and bewildering to him.

## Place Your Own Calls and Be Ready to Talk

Few business practices are more irritating and inefficient than that of a secretary asking a person to hold the line while she gets the person who is to talk on the line.

## Give Person Called Time to Answer

The person you call may be farther from the telephone than you think. Allowing enough time to answer . . . 10 rings or a full minute . . . often avoids making another call.

## Normal, Natural Tone of Voice Is Best

Shouting distorts your voice and isn't pleasant. It also is irritating to try to understand someone who whispers or mumbles or doesn't talk directly into the transmitter.

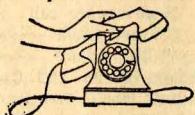

## Leaving Word Keeps You in Touch

When you're to be away from your phone, you may avoid losing important calls and information if you'll leave word where you'll be and when you expect to return.

## Hang Up Gently

Thoughtless slamming of the receiver may seem an act of discourtesy to the person with whom you've been talking. You don't mean it, of course, but it may leave the wrong impression.

## Visualize the Other Person

You're much more apt to be pleasant and understanding if you "see" and speak TO the person at the other end of the line and not TO the telephone.

## Answering Promptly Helps Complete Call

Immediate attention to the telephone's ring prevents losing the call and gets the conversation off on the right foot. Answer before the second ring if possible.

## Identify Yourself When You Answer and When You Call

It gets a conversation off to a good start when you let the person calling know who you are. Say, for example, "Mr. Brown" or "Brown speaking", "Roberts Company" or "Bates Brothers, C. R. Jones speaking." It saves time and confusion.

## Booklets for Business Customers

Booklets on how to get the most value from telephone service and how to use it most efficiently and courteously are available at the Telephone Business Office.

## Telephone Directory

FROM AMES TELEPHONES CALL 2500

**FIRE** (to report a fire) from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. . . . Dial Operator  
(At all other hours dial "9" and call "Fire Department")

**LONG DISTANCE**—from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. . . . Dial Operator  
(At all other hours dial "9" and ask for "Long Distance")

### USE OF THE DIAL TELEPHONE

After obtaining the correct number from the directory, remove the receiver and listen for the dial tone. It is a steady humming sound which lets you know that the central office equipment is ready to receive your call.

#### How to Dial

Dial each figure of the number you are calling in the order shown in the telephone directory.

Take, for example, the dialing of telephone number 763. After hearing the dial tone, place the forefinger firmly in the dial opening through which the figure "7" is seen. Turn the dial around in a clockwise direction until your finger strikes the finger stop. Remove your finger and let the dial return to its normal position without forcing or retarding its movement. The remaining figures "6" and "3" may be dialed in a similar manner.

If you make a mistake while dialing, or if your finger slips from the dial before reaching the finger stop, hang up the receiver for a few seconds. Then remove it and, after hearing the dial tone, dial each figure of the number again.

#### Service Signals

**Ringing Signal**—This is a "burring" sound that will be heard at regular intervals which indicates that the bell of the called telephone is being rung.

**Busy Signal**—This is a "buzz-buzz-buzz" sound that will be heard when the line of the called telephone is in use.

Should you hear neither of these signals after dialing, dial "Operator" and tell the operator of the condition.

#### Calling From College Telephones

**To Other College Telephones**—To call another telephone connected with the college

telephone system, lift the receiver and upon hearing the dial tone, dial all three figures of the number in the order in which they appear in this section of the directory.

**To Outside Telephones**—To make a call to a telephone not connected with the college telephone system, lift the receiver from the hook and upon hearing the dial tone, dial the figure "9". Give the number of the telephone you wish to reach to the operator who answers.

#### Calls From Outside Telephones

To call a college telephone from telephones not connected with the college telephone system, telephones without dials, call 2500. Give the number of the college telephone you wish to reach to the college operator who will answer and handle your call. Numbers of college telephones are listed in the following pages.

#### Night Calls

The college switchboard is closed from 10 p. m. to 7:30 a.m., except Sundays 9 a. m.

During these hours see the instructions and night number list on page 3 of this section.

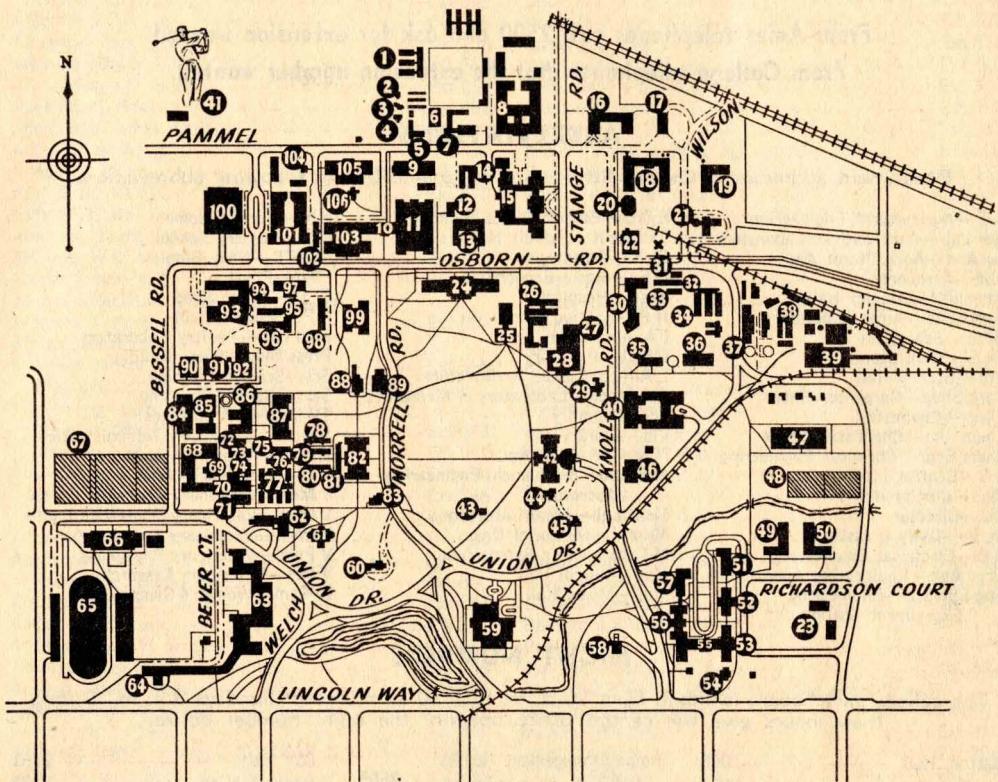

#### Non-Listed Numbers

College telephone numbers added or changes made too late to be included in this directory will be furnished by the college operator. She may be reached from college telephones by dialing "Operator" and from "outside" telephones by calling 2500.

#### Directory and Service Changes

All changes in telephone service or directory listings for college telephones should be handled through the Iowa State College Business Office.

## Historical

The land upon which the village of Ames was later established was originally purchased from the government by Mrs. Cynthia O. Duff. On November 26, 1864 this property was deeded by Mrs. Duff to John I. Blair and in July, 1864 the first settlement was made and the Cedar Rapids and Missouri River Railroad (now the Chicago and North Western Railway) was built west to this community.

In 1865, The John I. Blair Land Company laid out and platted the original town of Ames, consisting of twelve blocks located north of the Chicago and North Western Railway Company's right of way; and between Duff Avenue on the east, Burnett Avenue on the west, and Eighth Street on the north.

The settlement was named in honor of Oakes Ames, a Massachusetts Congressman, who was financially interested in the building of the, then, Cedar Rapids and Missouri River Railroad. Congressman Oakes Ames donated a church bell to the Congregationalists in honor of their erection of the first church in the town. There are now 21 churches in Ames with many other denominations holding services in special halls and in Memorial Union.

In 1866 Ames was successful in its struggle with Nevada, the county seat, for the location of the "narrow gauge" railroad to Des Moines. This railroad known as the Iowa and Minnesota Railroad was not completed until 1874. Later in the Seventies, this railroad was extended north into Hamilton County to a prairie station, called Callanan, long since abandoned. The railroad after being operated for several years was purchased by the Chicago and North Western Railway Company and widened by them to standard gauge.

In 1859 the citizens of Story County voted \$10,000.00 in bonds and assisted in raising an additional \$11,000.00 in cash and land to secure the location of Iowa State College of Agriculture and Mechanic Arts. The first legislative appropriation for buildings was made by the state in 1864. The school was formally opened on March 18, 1869, with A. S. Welch as President. The present total value of land, buildings and equipment of Iowa State College is about \$27,000,000.

Ames was incorporated as a village in 1870 and became a city of the second class on November 13, 1893. Results of the 1950 census placed Ames as a city of the first class with a population of 22,898, including college students. At the time of incorporation in 1870, there were 656 residents.

Ames is located in Story County, close to the geographical center of Iowa, 33 miles north of the State Capital, Des Moines. The city is at the junction of two major transcontinental highways—U. S. 30 and U. S. 69, and is on the main line of the Chicago and North Western Railroad. Bus service is provided in the city by the Midwest Transit Company and out of the city by the Greyhound and Jefferson Bus Lines. Air service is provided by the Howard Flying Service, located at the Municipal airport.

Ames has a city daily newspaper published 6 days a week, a student daily newspaper published 5 days a week, two radio stations, KASI and WOI, and one television station, WOI-TV.

Many state and federal institutions and offices are located here, among which are the Iowa State College, the Iowa State Highway Commission, Iowa Agricultural Extension Service and Soil Conservation Service.

Among recreation facilities in Ames are 3 theaters, 1 drive-in theater, 2 athletic fields, 2 field houses, 2 gymnasiums, 2 public golf courses, 3 swimming pools, 3 bowling alleys, 1 skating rink, 1 billiard parlor, the Ames Golf and Country Club, the Ames Municipal Airport with its midget racer track, 166 acres of park area and hundreds of public events annually—music, lectures, dramatics, athletic and social events.

## BE A GOOD TELEPHONE NEIGHBOR

Please limit  
 party-line conversations to  
 a reasonable length.

\*

Remember  
 that brief calls mean  
 more calls...  
 both for others and for you.

## NUMBERS FREQUENTLY CALLED

For Faster  
Long Distance  
Service—Call  
By Number

In many cases, giving "Long Distance" the number of the out-of-town person you want will result in completing the call twice as fast as when the operator must reach a distant operator to get the number.

Giving the operator the number is important on both station - to - station and person-to-person calls. If you wish to talk to a certain person be sure to tell the operator.

If you'll make out a list of out-of-town friends, relatives and business associates you have occasion to call we shall be glad to obtain their telephone numbers and send them to you.

*Free Personal  
Number Books*

To assist you in keeping out-of-town numbers available when you wish to place long distance calls, we shall be glad to supply you with a personal telephone number book. Just call or write the Telephone Business Office for a copy.
